

# **Graphic Identity**

The INSEP logo is made up of a gold and navy blue symbol and an exclusive navy blue font.

#### **SYMBOL**

> INSEP uses an image that clearly symbolises its French identity – the cockerel – which takes on a bold and original design.

### **FONT**

> The original structure of the font alludes to the dome at the Halle Joseph Maigrot, a place steeped in history and an iconic part of INSEP.

The design also suggests a podium, the symbol of excellence and success in sport.

#### **MAIN VERSION**

> The colour version is the main version of the logo and is used in the majority of printed material, digital applications and office supplies.

## **EXCEPTIONS**

> When the size of the logo has to be significantly reduced, the unicolour navy blue version must be used.
